

## MAINTENANCE/MS4 DEPARTMENT MONTHLY REPORT

February 24, 2022 Through March 30, 2022

### NOTE WORTHY ITEMS

- **Negley Park**
  - Trash collection and minor maintenance is continuing.
  - Invasive vines on grove trees were cut at their base, sprayed with specially formulated vine killer and then covered with mulch in an attempt to kill the vines.
  - The park is scheduled to be opened to vehicle traffic by April 1<sup>st</sup>.
  - Forms for a concrete pour are in place from the new pavilion and the old asphalt.
- **Schell Park**
  - Trash collection and minor maintenance is continuing
  - Benches have been removed for sanding and will be repositioned closer to the playground.
- **Maple Street Park**
  - Trash collection and minor maintenance is continuing
- **Fort Couch**
  - . Trash collection and minor maintenance is continuing
- **Memorial Park**
  - Trash collection and minor maintenance is continuing
  - Sand diggers and See/Saws have been removed for repainting and repair
- **MS4 Activity**
  - Storm inlet cleaning is ongoing to keep the ice and snow back, so we don't experience water damming.
  - Storm water inlet project at Walton/Warren/Clarkton Court is progressing, exploratory boring holes have begun along Warren Street, Clarkton Court and Walton Street still require boring.
  - Removing trash and debris from the Raingardens
  - 9<sup>th</sup> and Hummel inlet "diapers" were cleaned, several times.
  - Trial "water diverters" were installed in the southern inlet at WS Plaza to assist with water flow issues.
- **Pool**
  - The pool is closed for the winter.
- **Highway**
  - Winter weather has brought us 3 minor storms so far this season. We have brined the roadways three times, plowed on 4 days and salted 9 days. Thawing during the day and extremely cold nights are requiring salting hilly areas every morning.
  - We have ordered and received 136 tons of salt; this is about 60% of our budgeted amount.
  - 24 tons of anti-skid has been received; this brings us to about 20% of the budget being spent. Sewer lateral street cuts in the 800 block of Hummel Ave and Bosler Street have been repaired several times, final paving has been completed at these sites.

### Notes

Note
I met with Derek Martin of Smithland last week onsite to review an overflow issue in the southern catch basin.
The southern catch basin has a 36", 24" and a 12" inlet pipe coming into the basin.
The volume of water from the 36" pipe over takes the smaller pipes causing a back up. This specifically happens with the 24" pipe which is the feed from the rear of the shopping center.
Removed grate and investigated a possible solution.
Add a diverter to separate flow of the 36" and 24" pipe.
Extend 24" pipe further into the basin to improve flow.

#### Notes

Note
T 1906 Hrs. I received a phone message from WSRPD that there was a MVA in front of the old middle school on Market Street.
I was informed that there was extensive damage to the decorative street light, rain garden bed and tree in front of the old school.
All the damage was off of the roadway and sidewalk so an immediate response was not required.
Responded to scene to remove damaged street light and tree.
