Subject: FW: 3rd and Walnut Sts Truck Problem
Date: Thursday, August 26, 2021 11:43:55 AM

Mr. Joseph Miller, 307 Walnut Street, is having issues with trucks and trucks with trailers traveling north on Walnut Street from 3rd Street.

Where Walnut Street becomes Sycamore Street there is a 90 degree turn in the roadway which is very narrow.

Recently he has had delivery trucks run over the posts that he has placed to protect his fence.

He is requesting Borough assistance in remedying this problem.

Installation of a "No Trucks" sign at the NW corner of 3rd and Walnut Sts. Would help eliminate this ongoing problem.

This prohibition could be added to 525-14 of the Borough's ordinances.
