Councilman Green made a motion to send this letter to the full council for approval. Chairwoman Hope seconded the motion. The motion passed unanimously.

On a separate note, there will not be a formal cleanup day due to conflicting schedules with some of the organizers.

**c. Report from Downtown Services Coordinator – Rebecca Yearick**

Ms. Yearick mentioned that the Land Partnerships Grant Program is available for 50% match funds for playground equipment.

Ms. Yearick provided an update on the Lemoyne Middle School. The Real Estate Collaborative Board met on April 7. A feasibility study has been commissioned which will, among other things, look at the following in line with a proposal for approximately 48 housing units and 17,000 square feet of commercial space on the 3.5 acre parcel:

- The residential rental housing market, needs and pricing
- The commercial market (office, retail, professional and personal services)
- Sustainability
- Investor/investment options.

The Real Estate Collaborative has on potential investor identified – this is not a buyer; that investor would also likely serve as a service-provider in the site development process.

Today, the estimated price to render the property “site ready” is \$1,300,000 which includes demolition of the existing building.

Community meetings will be scheduled for May 2017 according to the Real Estate Collaborative; Jonathan Bowser stated that he met with Concerned Citizens of Lemoyne in late March, as well as presented to the Lemoyne Borough Planning Commission. The Borough will need to vote to on the Act 152 \$15 transaction fee to be dedicated toward demolishing blighted properties.
